## Mormark Student Handbook App

Digital Student Handbook Mobile App

YOUR  
LOGO  
HERE

**With the uncertainty of the school year this APP can be launched and updated at any time.**

While many student associations struggle with what the fall will look like the this APP may help.

It doesn't have to replace the print version of the handbook as we can do both.

Some of the advantages of the APP are as follows:

1) Reducing a print version saves the environment.

Almost 80% of a current handbook is the "daytimer section"

By linking your events and information to the

student's phone calendar the daytimer info is still there but digitally.

2) The PUSH notifications allow you to connect with students instantaneously.

You can notify them about special events such as guest speakers, athletic events, meetings and if required EMERGENCIES at the push of a button.

3) The secure student ID card can be included in the APP ideal for meal plans, gym, exams, or at the Registrar's office.

4) All the information in the printed handbook can be included and updated daily, monthly, annually at your discretion.

5) SAFE WALK feature allows push to call safety button linked directly to campus security phone at one push of a button

6) If there is advertising ads can be updated for special events ie) halloween, thanksgiving, etc and if there are coupons the redemption can be tracked and sent to the advertisers.

7) Financing - we can finance payments to be made monthly, annually, or over an extended period ie) 2-3 years.

There are many more benefits Check out the
